**CLARK TO RUN
FOR RED DEER**
Red Deer, Sept. 11.—It is announced
that Dr. Michael Clark, silver-tongued
proponent of free trade, will be the
Liberal candidate in the new Red
Deer federal riding. The nomination
of Dr. Clark is said to be assured and
it is understood that Dr. Clark has
agreed to accept if it is tendered to
him.

**RESTAURANTS
ON AEROPLANES**
London, Sept. 11.—The latest addi-
tion to the air service between Lon-
don and Paris is a new giant plane
capable of carrying 30 passengers
and equipped with a restaurant. A
steward will be in attendance at all
times during the voyage to serve hot
meals to the passengers.
Another machine now under con-
struction in London for the Constan-
tinople aerial route will be a winged
cup of the modern railway sleeper,
having berths and dressing rooms.

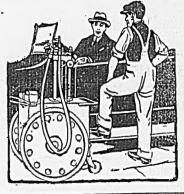

**THOUSAND VILLAGES ARE
INUNDATED IN SHANTUNG
WHEN DYKES DESTROYED**
London, Sept. 14.—The Tien Tsin
correspondent of the Central News re-
ported today that great floods of the
Yellow river, sweeping away dykes,
had inundated one thousand villages
in the Show Chang district of Shan-
tung province.
Inhabitants of the villages worked
frantically for hours to strengthen the
dykes, but during the night they
crumbled away, pouring an over-
whelming flood over a vast area.
At some points the water was said
to be fifty feet high, while villages
for 50 miles around were inundated.
The dispatch estimated that 3,000 had
been drowned.
Sarcastic
He, sarcastically—"You know some-
one has said, 'if you would make a
lasting pair of shoes, take for the
lasting the tongue of a woman.'
She—"Yes, and for the upper the
cheek of the man who said it."

**Edmonton Paid Tribute
To Her Gallant Dead**
Edmonton, Sept. 14.—Hundreds of
citizens and a wealth of floral offerings
yesterday gave tribute to the memory
of the gallant men who gave their
lives in the world war, not only those
who never came home, but to the
growing number who have passed
away since the war and now rest in
a corner of the Edmonton cemetery.
The weather was perfect in every
respect and from city flower gardens,
which seldom at this time of the year
have such a profusion of blooms to
give, turned in a flood of floral bril-
liance to the special committee at the
Memorial hall yesterday afternoon,
from which place cars took the
wreaths and bouquets to the soldiers'
plot. This memorial day is an annual
event in the city and last night the
many graves with their rows of crosses
were glowing with the flowers which
have been the boast and pride of hun-
dreds of home lawns during the last
month.

The 1004 concerns in Canada en-
gaged in the manufacture of iron and
steel and their products in 1924 had
a combined production valued at
\$368,475,650. The industry represents
a total capital investment of \$535,535,
833.

A Hint Worthy
Of Consideration

Townpeople, says a western farmer, are notoriously ready to give advice to the farmers, and, it asks, why should not the farmer who takes pride in his farm and his home give a little advice to his grocer and hardware man and lumber dealer and hardware merchant. It thereupon proceeds on behalf of its farmer subscribers, to tell the townspeople some home truths.

Trees and flowers, beautiful homes, with attractive surroundings, are, says this paper, to be found in practically every farming district in the west, but the towns and villages are lagging far behind and most of them are becoming uglier and more hideous with the years. Unimproved streets, unattractive sheds in many cases to begin with, ramshackle outbuildings and sheds, down-at-the-heels fences and weeds neglected gardens—how many of the country towns in the west answer this description?

The word picture painted by this farm paper is by no means overdrawn. While the cities, and farmers by the thousands, have gone in extensively for the planting of trees and the beautifying of the surroundings in which the people pass their lives, very few towns and villages have made any effort to make them attractive. Most of them present the appearance of a group of squatters' huts, occupied by remnants, having no intention of remaining permanently and establishing real homes, but expecting to move on. They give the impression of "boom" oil and mining towns where anything is good enough for the time being until the boom bursts and the town dies.

Country roads are frequently better than these town and village streets with their gutters overgrown with grass and weeds, and with backyards and lanes common dumping grounds for refuse and junk of all kinds. In such surroundings it is little wonder that very soon store windows remain unwashed and in a generally unkempt, untidy, dirty condition. A city store which presented the same indications of sloth would drive away rather than invite customers. Yet many town and village merchants wonder why people pass their doors to trade elsewhere.

Complaint is also voiced because of the difficulty of obtaining and retaining the services of qualified help in these smaller communities. But why should any self-respecting, ambitious young man or woman settle down to spend their lives in a town or village where the people lack even sufficient enterprise to paint their buildings, tidy up their premises and convert their bald prairie streets into avenues of trees, and their private grounds into flower and neat vegetable gardens?

Speaking for the farmer, the paper already quoted says: "A bright, clean cheerful town certainly makes a better bid for business than a shabby and ugly one, and when everywhere has a car the progressive town will draw the trade." Absolutely true! Shakespeare said: "The apparel oft proclaims to the world its progressive or lack of it." A shabby, unpainted, neglected looking collection of buildings is not apt to impress a prospective buyer or new citizen as being the home of up-to-date merchants where good value for his money can be obtained.

Western towns and villages should also appreciate the fact that the car and the rapid extension of systems of good roads is working a revolution in the tourist trade—and a lucrative trade it is. Motor tourists arriving at a neglected looking town quickly pass on, but a town which is nicely painted buildings, well-treed streets, trimly kept gardens, and an attractive little square or park, invites a stop. It is in such towns tourists stop for the night and make their purchases; the other places get the go-by.

Travelling across the country, either by train or motor, how often is the remark made: "I'd like to live in a town like that." On the other hand when one of our all too few little garden towns is reached, people are heard to comment on its attractions on the way to say: "Now there is a place that wouldn't mind living in."

Probably the reason why nothing is done to improve the appearance of most places is fear of the cost. But experience has demonstrated over and over again that the cost of planting

trees, of laying out a small park, of keeping things neat is comparatively small, while the resulting benefits are large, yielding big dividends on the investment, for, after all, these things are practical, dividend paying investments just as truly as is the provision of fire fighting equipment. And if the community as a whole improves the appearance of the streets and paints up, such action becomes infectious and very quickly individual citizens put their private grounds and buildings into shape.

Certainly there is a grand opportunity open to a few public spirited men and women in most of our western towns to render real community service by inaugurating Town Beautiful crusades.—Exchange.

The Clean Town

Cleanliness, it has been said, is next to Godliness. A dirty individual is neither clean, spiritually nor mentally. Dirt makes for ruin physically, mentally, morally. This is as true of a town as of an individual. The dirty town, the town full of rubbish, of untidy houses, of muddy streets, of filthy conditions, is non-progressive materially, morally and educationally.

If any town or city is ambitious for advancement, or if even a few of its men and women are ready to better their time and energy to the betterment of the community, the surest way to achieve success is to clean up, make back streets and front yards clean, make streets clean and keep them clean, encourage the people to beautify their homes and their yards, repair the tumble-down yard fences, paint up make things as clean outside as they should be inside, and then that community will look up, mentally, morally and materially.

No community which does not clean up and paint up, which does not do its best to have clean streets and clean yards, has no right to look up and face the world.

It might be said a dirty town makes a dirty people; a dirty people makes moral and material dirt and decay. It is the duty of all men and women to make their homes and their towns just as clean and attractive and beautiful as possible. He who falls short of his duty in this respect, fails short of his duty to God and man, it matters not what else he may do.—Roland News, (Manitoba).

Country Man's Automobile

Many people seem to think that the possession of great numbers of automobiles by the country folks is a sign that they are making a lot of money and that the difficulties that the farmer is supposed to encounter are largely imaginary. Many people living in outlying districts, however, can testify that the automobile is an absolute necessity for them. With their old team of horses it might have taken them a day to get to the market town and back again. But with the automobile, they can usually do it in half the time. Time is worth a great deal of money to the farmer now with the high prices that must be paid for help. Gasoline and tires on his flivver are cheaper than the wages of farm help. But when the use of an automobile is abused the upkeep may overbalance their usefulness.—Ex.

Who Will Be The Candidates?

Now that the date for the Dominion election is definitely set, the political pot in the newly formed constituency of Wetaskiwin is beginning to boil. At the present time it appears as though there will be a three-cornered fight, as the Liberals are sure to put a candidate in the field, and it is almost a certainty that the Progressives and Conservatives will also have standard bearers.

The Liberals are holding a nominating convention in Wetaskiwin on Monday, September 28, and not on the 29th, as was previously announced. No one has definitely declared himself as an aspirant for this convention, but it is understood that S. G. Tobin, M.L.A., of Leduc, will be a strong contender for the honor, and it is whispered that Ponoka has a dark horse who will be sprung upon the convention when it is convened. The name of Mayor Montgomery has also been mentioned in many quarters, but Mr. Montgomery assured The Times that he would not allow his name to stand in the convention. Many of Dr. Robertson's friends are urging him to allow his name to be brought forward, and we understand he is giving the matter some consideration.

A U.P.A. convention will be held in the hall here on Thursday, October 1st, for the purpose of selecting a candidate to contest the seat. It is not known whether D. W. Warner, the sitting member, will be a candidate for re-nomination or not. Even if he is not, there does not appear to

Make Better Bread
Ask your grocer for
ROYAL YEAST CAKES
STANDARD OF QUALITY
FOR OVER 50 YEARS

be a dearth of aspirants, as the name of Hon. J. E. Brownlee, Hon. Irene Parby, E. S. Sparks, M.L.A., Mr. Jackson of Strathmore and others are mentioned as prospective candidates.

A high official of the Conservative party has made the statement that every riding in Alberta will be contested by a Conservative at the forthcoming Dominion election, and if this is a fact, there is little doubt but that there will be a three-cornered fight in this riding. The Conservatives are holding a convention in Wetaskiwin on Thursday, September 24th, when the situation will be reviewed and a standard bearer chosen. Among the names prominently mentioned as possible candidates are Mr. C. H. Russell of Wetaskiwin and Mr. Andrew Gilmore, of Lacombe.

The Wetaskiwin constituency is quite large, and there may be many prospective candidates we have not mentioned. Anyone who attempts to choose the candidate in any of the three political parties is resorting to pure guess work, as there may be many surprises before the conventions are over.

IMPORTANT CHANGES
POSTAL REGULATIONS

Many important postal changes in some cases effective immediately and others on the first of October have been made.

Effective at once—
Limit of weight allowed transmission by parcel post now 15 pounds instead of eleven pounds.

Letter rate for the entire North American continent including Newfoundland is now three cents.

Printed circulars soliciting business accepted for local distribution to householders at half a cent each. Particulars as to mailing may be obtained from the postmaster.

Effective October 1—
The rate on letters to places other than those within the British Empire will be eight cents for each letter weighing one ounce or less and four cents for each subsequent ounce or fraction thereof.

The rate on postcards to foreign countries will be four cents. International reply coupons at nine cents each can be purchased to provide for a reply of eight cents from those countries.

Commercial papers for foreign countries—The new rate will be eight cents for a package not exceeding 8 ounces in weight and two cents for every two ounces or part of two ounces thereafter. Increase of size allowed for sample papers—The limits of size for sample papers for any destination will be as follows: 18 inches by 8 inches by 4 inches or if in roll form 18 inches in length by 6 inches in diameter.

'Twas Too Soon

Pat Hogan, that used to drive a team, came running out of the barn one morning, yelling like an Indian. "Whaddy think?" he hove. "McCart's hung his self 'n a harness hook."

"What up?" sez I, "did ye cut him down?"

"Oo did not?" sez he, "he ain't dead yet."

Best of all Fly Killers 10c per Packet at all Druggists, Grocers and General Stores

Here and There

That a new market has been found for Canadian lobsters, is shown by the report that twenty-five hundred cases of lobsters, valued at about \$78,000, were shipped to Sweden from Halifax, N.S., during the first week in July.

The gold mines of Northern Ontario are now realizing aggregate profits of a million dollars a month, according to estimates compiled at Timmins, Ont. There was a gross income of \$2,650,000 during the month of June.

Six hundred and twenty-four families from Great Britain and other European countries settled in the West on 187,000 acres of land, sold in the fiscal year ending May 31st, according to the records of the Canada Colonization Association.

Quebec is this year enjoying the greatest influx of tourists it has known for a considerable time. Hundreds of motorists, the majority from the States, are camped in and around the city, and the Chateau Frontenac reports capacity bookings.

During his tour of Western Canada Field Marshal Earl Haig passed through the town on the Canadian Pacific Railway which was named for him several years ago, for the first time. The Field Marshal, on learning his connection with the town, looked as pleased as though he had just won another famous victory.

According to the report of the Department of Agriculture, livestock markings in Canada during the past year were the best experienced for many years. There were 978,020 cattle, 355,179 calves, 3,094,291 pigs and 485,696 sheep marketed in 1924, as compared with 882,021, 315,622, 2,363,402 and 512,390 respectively in the previous year.

According to J. M. Gibson, secretary of the Trail Riders of the Canadian Rockies, who recently left Montreal for the West, the annual cross-country ride and pow-wow undertaken by that organization, is becoming so popular that lovers of the outdoors from England and Australia are attending this year, in addition to the members from the United States and Canada.

The "Beatty Boys," four British youngsters, brought to Canada by E. W. Beatty, K.C., President of the Canadian Pacific Railway, to study Canadian farm methods, arrived in Canada on the "Montcalm" this month. They are expert farmers selected by the Minister of Agriculture from the members of the Young Farmers' Club of Great Britain and will remain in Canada for two months as the guests of Mr. Beatty.

That elk, in the Panther River country, not far from Banff, are rapidly increasing in number and may possibly become a menace, is the opinion of Belmont Brown, an artist of New York who recently returned from a painting tour through the Rocky Mountains. Mr. Brown is regarded as an authority on wild animals and states that there will be, ten years from now, 10,000 elk in the district, unless steps are taken to decrease their numbers.

French-Canadian agricultural experts, theologians, students and others, touring the country under the auspices of the University of Montreal express unanimous amazement at the agricultural development of British Columbia, the scenery of Alberta, the prairies of Manitoba, the beauties of Northern Ontario and the vastness of the country in general. A similar excursion left Toronto recently under the auspices of the Teachers' Federation of Canada and also over Canadian Pacific lines, and will return the middle of August.

OH, MY HEAD!
HOW IT ACHE!

Headache is not of itself a disease, but is generally caused by some disorder of the stomach, liver or bowels, and in all cases the treatment should be directed to remove the cause, for with the cause removed the headaches vanish for all time.

For the purpose of removing the headaches it is impossible to find a better remedy than

It regulates the stomach, liver and bowels, purifies the blood and tones up the whole system to full health and vigor.
Put up only by The T. Millburn Co., Limited, Toronto, Ont.

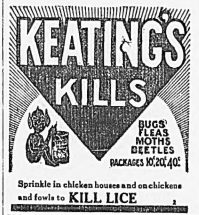

WEST'S BUTTER GOT
25 OF THE 36 PRIZES

The prairie provinces are certainly proud of their record in the butter competitions at the Canadian National exhibition this year, twenty-five prizes out of a total of thirty-six offered going to their creameries, only one first prize being won in the east.

The exhibit of creamery butter was the largest and probably the best ever shown at the National exhibition and for this reason the west can feel gratified at their showing of the bulk of the awards. It will naturally lead the eastern provinces to inquire why they are not as successful and may be the means of their adopting the cream grading system which, since its inauguration, has helped to improve our butter.

The awards for creamery prizes were—1, Manitoba Agriculture College; 2, C. E. Christiansen; 3, Emile Langlois, St. Roch; 4, Wetaskiwin Creamery, Wetaskiwin, Alta.; 5, City Dairy Ltd., Winnipeg; 6, J. A. Allaire; 7, Central Creamery; 8, Burns Creamery, Ponoka; 9, Crescent Creamery, Winnipeg.

TO SLOW FOR NOW
"I want to tell you, young man," remarked a local business man to his son, "that when I was your age I had to work twelve hours a day." "Hah, you couldn't get away with that now," exclaimed the boy. "They would fire a guy that couldn't do his stuff quicker than that."

Sprinkle in chicken house and on chickens and fowls to KILL LICE

"PUNISHED ENOUGH"

Toronto, Sept. 2.—The Ontario government believes that Charles A. Matthews, former deputy provincial treasurer, has had enough incarceration in Portsmouth penitentiary, and that his sentence in connection with the Ontario bond scandal was unduly harsh in comparison with other sentences for similar offences. This view was expressed in a letter written by Premier Ferguson and forwarded to the dominion authorities at Ottawa yesterday, stating that the Ontario government would have no objections to Matthews being granted clemency on the appeal of his father.

COMBINED CUTTER AND
THRESHER AT PINCHER

Pincher Creek, Sept. 12.—Harvest is early this year and threshing is in full swing, says the Echo. E. G. Cook, M.L.A., is using a combination thresher and cutter. It is being worked by eight teams and cuts, threshes and loads into the grain wagons.

UNDER FEDERAL
GOVERNMENT SUPERVISION

This advertisement is not published or displayed by the
Liquor Control Board or the Government of Alberta.

Advertisers, Attention!

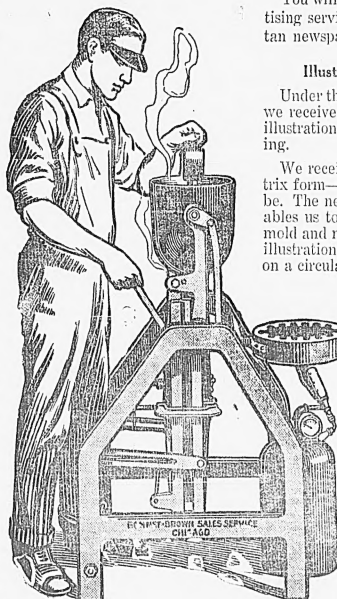

The Wetaskiwin Times has just installed the Bonnet-Brown
Advertising Mat Service, and Stereotyping Machine

You will now receive the same advertising service that the large metropolitan newspapers give their advertisers.

Illustrations that Help Sell

Under this splendid new service plan we receive fresh each month, ads and illustrations for every kind of advertising.

We receive these illustrations in matrix form—a paper mold of the cut-to-be. The new stereotyping machine enables us to pour hot metal into this mold and make a plate for printing the illustration in the Wetaskiwin Times or on a circular.

Advertisers who receive matrices of their merchandise from their manufacturers or wholesalers can bring them to us and we will make cuts for use in their advertising. This service, we are confident, will result in greatly increased business for every advertiser who takes advantage of it.

And you can put your message across in a concise, easily understood manner that will be pleasing to readers of the Wetaskiwin Times and most satisfactory to you in the greater results obtained.

Advertising Service for Every Business

And, in addition to being able to supply you with suitable cuts for illustrating your ads, we are prepared to furnish advertisements covering every line of business.

These ads have been written by competent advertising experts—and are so planned and executed that

they execute the maximum amount of pulling power possible in the space used.

So, when you want to run an ad, instead of spending time to write it yourself, come in and let us help you. We'll give you one that fits your needs—illustration and all.

The Wetaskiwin Times

Let Your Banker Collect It

If you wish to collect a debt from a party in another section, you can have your banker draw a draft on him at sight or for a given time. This will be presented through his local banker as request for payment from you. When your draft is paid it is turned over to the payer. It is his receipt for an account paid.

This is only one of the numerous ways in which the Bank of Montreal can be of service to its customers.

TOWN TOPICS

Mrs. Tony Johnson is in Edmonton this week visiting friends.

Mayor Montgomery was a visitor to Calgary the fore part of the week.

F. B. Watson, grand worthy patron of the O.E.S., paid a fraternal visit to Red Deer on Monday evening.

Mrs. R. C. Switzer, who spent several weeks with relatives in Winnipeg, returned home a few days ago.

Mrs. J. Willard McElmird, corner of Dickson and Roseville, will be at home Thursday, September 24th, from 3:30 to 6 o'clock.

Mrs. H. E. Chalmers will receive on Wednesday, September 23rd, from four to six o'clock, and thereafter on the fourth Wednesday.

E. H. L. Thomas has leased the residence recently vacated by Mrs. Finch, near the Alexandra school, and moved his family therein last week.

Mr. and Mrs. W. Dietz have moved into the residence on Beatrice street recently vacated by Mr. and Mrs. T. Lawson.

Mrs. C. E. A. Pocock, of Port Saskatchewan, who was visiting friends here during the past week, returned home Wednesday afternoon.

Donald Ross was in Edmonton this week where he consulted a specialist regarding his hand, which has given him trouble for some time.

The Women's Institute will hold their first regular meeting after vacation on Thursday, September 24, at 3 o'clock in the W. I. rooms.

The Mission Friends Ladies' Aid will meet at the home of Mrs. Johnson on Friday, September 18, at 3 o'clock in the afternoon.

At the meeting of the delegates to the egg and poultry pool held at Camrose on Tuesday, Mrs. E. E. Sparks was elected as director for this district.

Dr. Hoare and Dr. McLeod attended a dental clinic in Edmonton last week. The former is a college chum of Dr. Moore, who conducted the clinic.

Mr. and Mrs. T. W. Higginson, and daughter Shirley, of Edmonton, spent several days of the past week visiting the former's mother and other relatives in the community.

Thos. Provo and family, who left last spring to reside in Washington, returned to the district last week. They did not find conditions there as anticipated, and say they are glad to get back to the Wetaskiwin district.

E. Barnett, court reporter, who has resided here for several years, is planning to move his family to Red Deer the end of the month. This move will bring him nearer the centre of the legal district he covers.

A chicken supper will be held in the Salvation Army Hall on September 25th. Admission 50c. Staff Captain Carruthers will preside and speak a few words. The annual sale of vegetables, chickens, eggs, fruit, etc. will be held in the hall on Monday, September 28th.

Mrs. Beaubier, of Champlain, grand worthy patron of the Order of the Eastern Star, paid an official visit to Victoria Chapter on Friday evening last. Visitors were present from Edmonton, Ponoka, Camrose and other places and a delightful evening was spent.

The post office committee of the Hospital Aid bazaar held a tea and shower in aid of their booth at the home of Mrs. C. B. McElmird on Wednesday afternoon. Mrs. Vaughn presided at the tea table, while Mrs. H. J. Montgomery and Mrs. H. W. Wright assisted the hostess in looking after the guests.

CHINA TO SEEK ALBERTA WHEAT

C. N. OFFICIAL FROM SHANGHAI SEES A LIKELIHOOD OF BOOST IN TRADE

Increased demand on the west will come from China for wheat, wheat products and flour, and Canada, which has a good trade in these products, can look for further development, says Donald E. Ross, of Shanghai, superintendent of traffic for the Canadian National railway in northern China and Japan, who together with E. H. Gurton, assistant head of the colonization and development department of the Canadian National railways for the western region, was in Edmonton on Thursday. These two railway representatives were in the city for the purpose of developing a movement of desirable settlers from various points of the far east to the Edmonton district, and held conferences with N. Curtis, dominion livestock representative at the Edmonton stockyards, and A. S. Rosenrod, of Wetaskiwin, a well known figure in central Alberta agricultural circles.

Internal troubles in China have prevented the raising of big crops and the United States has no exportable surplus of wheat for the Orient, says Mr. Ross. On these facts he bases his assumption for an increased western trade with China, and he believes that the present time is a good one to develop the oriental trade. So far as Japan is concerned there is quite a good trade in dairy products with Alberta. This is also increasing and there is a tendency to improve lumber imports from western Canada for both Japan and China.

Mr. Ross, who is returning to Shanghai, which is in a troubled zone, has a good insight into Chinese conditions. He states there is a possibility of the present strife in northern China developing into a conflict between the Bolsheviks and the Japanese with China as the bone of contention. One or two concessions at present held by foreigners may have to be relinquished to the Chinese, he states, but he looks for the country to settle down to the pre-war tranquility later. There is a strong anti-British feeling in China at present on account of Britain's trade and political supremacy in the east. Conditions over there are very bad internally and partly on account of the instability of the central government at Peking, as well as the present disturbances, foreign powers have not relinquished privileges.—Journal.

Piping Takes Mercy
A colored preacher had just concluded a sermon on "Salvation am Free," and announced that a collection would be taken up for the benefit of the person and his family. A member in the audience objected to the paradoxical nature of the proceedings and received this bit of negro logic in response:

"'Spose yo' was thirsty an' come to a house. Yo' could knock right down an' drink your fill, couldn't yo'? An' it wouldn't cost yo' nothin'. But water would be free. But, 'spose' yo' was to hab dat water piped to yo' house, yo'd have to pay, wouldn't yo'? Well, brudder, so it is wid salvation. De salvation am free, but it's de habin' it piped to yo' dat yo' got to pay fo'."

Constantine and Mrs. Marks, Rimbe, will have the sympathy of friends in the loss of their youngest son, Gordon, who died on Sunday. The funeral was held on Tuesday and the casket was covered with beautiful floral offerings from friends and neighbors. Red Deer Advocate.

CONSTITUENCY CONFERENCE OF WOMEN'S INSTITUTE
(Continued from Page 1)
Considerable discussion took place over Mrs. Parly's bill "An act to establish Community Property Rights Between Husband and Wife." It was at last thought advisable to leave this over and it was moved by Mrs. Mellett and seconded by Mrs. Rood that the bill be referred back to the individual institutes to discuss and bring in a recommendation to the constituency convenor, who in turn will forward the same to the Wetaskiwin member.

SHERIFF'S SALE OF FARM PROPERTY
There will be sold by the Sheriff of the Judicial District of Wetaskiwin, at the Court House, Wetaskiwin, on SATURDAY, the 26th DAY OF SEPTEMBER, 1925, at 2 p.m., the following lands:

The North-West Quarter of Section 4, Township 46, Range 27, West of the 4th Meridian, containing 160 acres more or less, reserving there out all mines and minerals.

The Vendor is informed that the improvements on this property consist of a well, 12 acres of breaking and a wire fence surrounding the property. The timber has been cut off and the remaining area can be very easily cleared. The soil is a good, dark, sandy loam. The property is situated approximately 25 miles west of Wetaskiwin, one mile south of the main graded Pigeon Lake Trail and 12 miles from the Blind Man Valley Railway through Headley.

This property will be offered for sale subject to an upset price of \$120.00 and subject to taxes subsequent to the 31st day of December, 1924.

The terms and conditions are as follows: The purchaser is at the time of the sale to pay down a deposit of ten per cent of the amount of the purchase price to the Vendor's Solicitors and the balance of the purchase price to be paid in to the Supreme Court at Edmonton within sixty days from the date of sale without interest. In all other respects the terms and conditions of sale will be the standing conditions of the Supreme Court. For further particulars as to terms and conditions apply to The Sheriff at Wetaskiwin, or to Van Allen, Simpson & Company, Empire Building, Edmonton, Solicitors for the Vendor.

DATED at Edmonton this 8th day of July, A.D. 1925.
J. L. POOLE, Acting Sheriff, Wetaskiwin.
Approved: "A. Y. E." M. C. 25-2in.

Strengthen the Heart Steady the Nerves
By The Use of
Milburn's Heart and Nerve Pills
Mrs. J. Glebe, Hamilton, Ont., writes:—"I think it only right to let you know what Milburn's Heart and Nerve Pills have done for me. For the past 18 months I suffered with my heart, and the least little bit of housework I did would cause me to faint away. My heart would beat very fast, and my nerves seemed to be all unstrung. I resorted to aromatic spirits of ammonia, as a heart stimulant, but after taking it I would become drowsy. Finally, I was recommended to try Milburn's Heart and Nerve Pills, which I did, and I can truthfully say that I am a different woman since taking them. I can now do my own housework without the least exertion, and I am feeling fine in every way."
H. & N. Pills have been put up by The T. Milburn Co., Limited, for the past 32 years.
"When You Ask For Them See That You Get Them."

WETASKIWIN U.F.A. LOCAL

A meeting of the above local will be held in the U.F.A. hall on Wednesday, September 23, at 8 p.m., when a discussion will take place on the coming Dominion elections. All members are urgently requested to attend as the appointment of delegates for the convention will take place at this meeting. Any farmers who are not members but are interested in the election, are invited to attend this meeting and express their views.

The Times classified columns are at the command of everyone and provide the most inexpensive, sure and reliable method of locating lost articles or animals, finding situations for those out of work, filling vacant positions, renting or selling houses and scores of other purposes.

Your printing should be done in good taste if you are to be satisfied with it. The printing executed at The Times office will compare more than favorably with that of other printing plants.

CONSTITUENCY CONFERENCE OF WOMEN'S INSTITUTE
(Continued from Page 1)

Considerable discussion took place over Mrs. Parly's bill "An act to establish Community Property Rights Between Husband and Wife." It was at last thought advisable to leave this over and it was moved by Mrs. Mellett and seconded by Mrs. Rood that the bill be referred back to the individual institutes to discuss and bring in a recommendation to the constituency convenor, who in turn will forward the same to the Wetaskiwin member.

Canadianization and National Events
The report on Canadianization and National Events was given by Mrs. J. Arnold. Along this line, Mrs. Arnold said that members had done a good work in welcoming newcomers. She read a letter from the provincial convenor who suggested clubs for foreign born women; the fostering of a deeper sense of the duties and privileges of Canadian citizenship; a greater knowledge of Canadian history; a study of means of assisting the foreign born woman in becoming a Canadian; Community gatherings on national holidays; the study of life and works of outstanding Canadians; and reading of Canadian magazines and authors.

Immigration
Mrs. Mellett gave the report on immigration, telling the work each institute had done along this line. This, however, is included in the reports of the different secretaries.

In closing she made a plea for the new Canadian: "Let us women who have been here for years, wake up. Wake up, I say, and listen; listen to the voice of the stranger saying unto us: 'Be friendly; we are lonely, come and see us.'"

Agriculture
Mrs. A. J. Rix, convenor of Agriculture, emphasized the importance of growing small fruits, the pleasure to the grower and the saving which would result. She had with her a box of beautiful strawberries, picked September 11, and said that last year she had fresh strawberries on October 15. These were from the overbearing strawberry vines and the stock was obtained from Manitoba. Anyone wishing the address may obtain the same from Mrs. Rix.

Strengthen the Heart Steady the Nerves
By The Use of
Milburn's Heart and Nerve Pills
Mrs. J. Glebe, Hamilton, Ont., writes:—"I think it only right to let you know what Milburn's Heart and Nerve Pills have done for me. For the past 18 months I suffered with my heart, and the least little bit of housework I did would cause me to faint away. My heart would beat very fast, and my nerves seemed to be all unstrung. I resorted to aromatic spirits of ammonia, as a heart stimulant, but after taking it I would become drowsy. Finally, I was recommended to try Milburn's Heart and Nerve Pills, which I did, and I can truthfully say that I am a different woman since taking them. I can now do my own housework without the least exertion, and I am feeling fine in every way."
H. & N. Pills have been put up by The T. Milburn Co., Limited, for the past 32 years.
"When You Ask For Them See That You Get Them."

Child Welfare and Public Health
The report on Child Welfare and Public Health was given by Mrs. A. Rodell, who said that one of the members had assisted in the work of the Red Cross in sending a crippled boy to the Red Cross hospital in Calgary, taking him home for lunch and seeing him safely on the Calgary bound train. This saved the Red Cross considerable money.

She recommended that iodine salt be used in food and had a sample on exhibit. This is a new salt which is said to prevent and cure goitre.

Home Bureau Service
Miss Jessie MacMillan, director of the Home Bureau Service, Edmonton, spoke on this subject. She told the women present that it had been suggested that some scheme should be devised whereby emergency home-keepers might be trained to enter houses where a mother was expecting to be confined. This woman could take full charge of the house and children and then allow the mother to go to a hospital. "We are having too many mothers and too many babies," said Miss MacMillan.

She cited a case where she was in an ordinary district and sickness arose. It was utterly impossible to obtain help of any kind, so she went to Edmonton and got permission to remain for two days until help could be secured.

Education and Better Schools
Under Education and Better Schools, Mrs. A. McLean, convenor, it was recommended that the members try to get Don's Canadian History Readers Grades 1 to VIII, into the schools. These readers are written by D. G. Dickie, Normal school, Calgary.

Child Welfare and Public Health

The report on Child Welfare and Public Health was given by Mrs. A. Rodell, who said that one of the members had assisted in the work of the Red Cross in sending a crippled boy to the Red Cross hospital in Calgary, taking him home for lunch and seeing him safely on the Calgary bound train. This saved the Red Cross considerable money.

She recommended that iodine salt be used in food and had a sample on exhibit. This is a new salt which is said to prevent and cure goitre.

Home Bureau Service
Miss Jessie MacMillan, director of the Home Bureau Service, Edmonton, spoke on this subject. She told the women present that it had been suggested that some scheme should be devised whereby emergency home-keepers might be trained to enter houses where a mother was expecting to be confined. This woman could take full charge of the house and children and then allow the mother to go to a hospital. "We are having too many mothers and too many babies," said Miss MacMillan.

She cited a case where she was in an ordinary district and sickness arose. It was utterly impossible to obtain help of any kind, so she went to Edmonton and got permission to remain for two days until help could be secured.

Education and Better Schools
Under Education and Better Schools, Mrs. A. McLean, convenor, it was recommended that the members try to get Don's Canadian History Readers Grades 1 to VIII, into the schools. These readers are written by D. G. Dickie, Normal school, Calgary.

Officers Elected
The election of officers resulted as follows:

Constituency Convenor — Mrs. A. Rodell, Wetaskiwin.
Legislation—Mrs. J. L. Poole, Wetaskiwin.

Education and Better Schools—Mrs. Leslie Marr, Millet.
Child Welfare and Public Health—Mrs. Margaret Grant, Angus Ridge.

Immigration—Mrs. Mellett, Wetaskiwin.
Household Economics—Mrs. John West, Millet.

Agriculture—Mrs. H. Phillips, Millet.
Canadianization and National Events—Mrs. Krueger, Angus Ridge.

Publicity—Mrs. Rodell, constituency convenor.
The business items were interspersed with numbers of an entertaining nature, those contributing being: Mrs. Nelson, solo; Mrs. H. J. Montgomery, solo; Mrs. Rodell, reading; Mrs. Easterbrook, solo.

Music and Poetry Valuable
After the business had been transacted, the ladies enjoyed a real treat in the form of an address by Miss Jessie MacMillan, director of the home bureau service.

After thanking the women for their good work in assisting and welcoming newcomers, Miss MacMillan gave a most interesting and inspiring address on the value of poetry and music in the home, especially on the child-mind.

The rhythm of music and poetry, she said, was valuable, not only as a means of culture and development, but as a curative agent. She cited the case of a band of weary soldiers retiring from Mons. Footsore and weary, they lay at last down though the foe were close upon them and no admonition from their general could make them rise. At last in desperation the general searched for and

found a drum, and had it beaten. One by one the weary, discouraged soldiers rose and resumed their march and were thus saved from massacre. Such is the value of spontaneous rhythm. She advised "Sing while you work, or turn on the gramophone."

Sumptuous Repast
At the close of the meeting fifty-four women sat down to a sumptuous repast provided by the members of the Millet W.I.

Mrs. Montgomery Takes New Office
Mrs. H. J. Montgomery, who has been the constituency convenor since the formation of the constituency, retires this year, but only to take up a more important office, that of district director. Much regret is felt over her loss as convenor for she has been an able officer and an untiring worker, but she is to be congratulated on her new post. Mrs. Rodell, the newly-elected convenor is one of Wetaskiwin's oldest and most faithful members and will certainly fill her new office creditably.

CROPS PRACTICALLY ALL CUT

Farmers in the Millet district are reporting practically all crops cut. A few days of Alberta sunshine and a nice breeze would send a dozen threshing outfits to the fields. Reports are common that many fields of wheat will yield thirty-five bushels to the acre.

Vancouver is the chief wheat shipping port on the Pacific coast.

AFTER EVERY MEAL WRIGLEY'S
makes your food do you more good.
Note how it relieves that stuffy feeling after heavy eating. Sweetens the breath, removes food particles from the teeth, gives new vigor to tired nerves. Comes to you fresh, clean and full-flavored.

This page is devoted to the interests of Millet and district

MILLET CHOIR HONORS BRIDE

The choir of the United church gathered at the home of Mrs. J. Dinney on Friday evening in honor of her daughter, Mrs. D. S. McGibbon, a bride of the preceding week. After several musical selections, Mr. J. R. K. Graham made a few remarks regarding the purpose of the meeting, following which an address was read by Miss Morse, and Mrs. Easterbrook presented a silver and pyrex plate—the gift of the choir—to Mrs. McGibbon. She, taken by surprise, received the gift and the applause very gracefully.

Delicious refreshments were served and the singing of Auld Lang Syne brought the evening to a close. Those present included Mrs. J. Dinney, Mrs. D. S. McGibbon, Rev. J. B. Howard, Mrs. W. Dinney, Mrs. Easterbrook, Miss Fanson, H. Dinney, Miss Morse, Miss Mande Easterbrook, Mr. and Mrs. J. R. K. Graham, Mrs. Edwards, Mrs. Day and Miss Rinas.

MILLET LOCAL NEWS

Mr. Ruper was a mid-week visitor to Edmonton.

Mr. H. Stuart is driving a fine McLaughlin Four.

The position of assistant post mistress in Millet is being filled by Miss Kubiak.

James Ellis has started the season off by threshing on the farm of Mr. J. Gola.

A carload of cattle was shipped by Messrs. Shookwiler and Chelson on Monday.

Mr. English, manager of the Bank of Commerce, and Mrs. English, have returned after a short holiday.

A series of Evangelistic services have been held in the church of the L.P.S., during the past week, and will continue this week.

Mr. and Mrs. A. P. Mitchell, Alice and Fred, who have been visiting in the east, are expected home this week.

Miss Brisard has accepted a position with V. C. Rowley and commenced her duties last week. We are glad to welcome her to town.

Miss McManus, who recently underwent an operation for appendicitis in the Wetaskiwin hospital, is making rapid progress toward recovery.

Mr. Levine, who has been conducting a grocery business in town for the past few months has closed his store and left on Saturday for Edmonton.

Mr. John Benham, manager of the Millet U.F.A. store is taking a few days vacation at Sunnybrook. During his absence the Misses Elsie and Evelyn Bladen are in charge.

Miss Anna Nortrop, who has been assisting in V. C. Rowley's store for some time past, has given up her position. The town will miss her happy personality.

The Millet livery barn was recently purchased by Mr. Just, who has been making some improvements inside and out, with a view to giving the best accommodation possible.

Mrs. West and Miss Marjorie, who enjoyed an extended holiday in Detroit and other eastern points, report themselves as glad to be back in Millet.

Miss Ford has taken charge of the primary room of our school and reports the work going along with a good spirit and large attendance. We trust she will find the professional and social life pleasant in our midst.

The fountain pen donated by Mr. Graham of the drug store, for the pupil making the greatest improvement in writing during the past six months, was won by Miss Florence Lee.

A transfer of real estate took place recently, when Mr. Perlich, an genial blacksmith, traded his property to E. Furlong, for a nice little farm a few miles west. He intends moving out in the spring.

Mrs. E. Prince of the E. W. Gillett Co., will demonstrate Magic Baking Powder in the U.F.A. store up to Saturday. You are invited to come in and sample cakes, cookies, etc. On Thursday a special demonstration will be given from 3 to 5 o'clock. All ladies invited.

ANNOUNCEMENT

With this issue we have added another feature to The Times in the form of a page which we will devote particularly to the interests of Millet and community.

We have arranged with Mr. Graham, of the drug store, to act as our representative, and he will be glad to receive any items of news, from anyone in Millet or district, to be published on this page.

All changes of advertisements and all new advertising for the current week, must be left with Mr. Graham on Monday morning, otherwise there is no assurance that they will appear in the issue of that week.

Mr. Graham will also accept subscriptions to The Times, as well as orders for commercial printing of any kind. All orders for printing will be given the promptest attention, and quick delivery of the order will be made.

We cordially solicit the cooperation of everyone in Millet and community to make this page a credit to The Times, and to the territory we are endeavoring to serve. This can be done only by everyone concerned doing their "little bit."

MILLET SCHOOL FAIR FRIDAY OF NEXT WEEK

Friday, September 25 is the Millet School Fair Day, and preparations are being made for the biggest fair ever held in Millet. The School Fair is becoming more and more the centre of agricultural interest in Millet and the surrounding district, until now the school fair is as large as any average agricultural fair. Last year there was an excellent collection of vegetables and by the interest already shown, it is expected that this year will show a still greater collection. There are now thirteen schools in the association, two more than last year, and it is hoped every school will compete in all classes.

The curriculum has a list of 104 classes and every class is open for entry, besides the special prizes listed. In each class there will be seven prizes, so that any work that has any merit at all will be almost sure to take a prize. The committee has allotted very liberal prizes for classes 97 to 101 which consist of school work in grades four to eight. They have also allotted liberal prizes for classes 103 and 104, offered for the best class in physical training and for the best class in singing. The physical training is to consist of a table of eight exercises, the last one to be a game in which all the class may take part. The singing class will sing two songs, one to be patriotic.

A copy of the curriculum has been sent to every teacher and pupils wishing to exhibit, should ask his or her teacher to be shown how to prepare the exhibit.

The parade has always been a great feature of the fair and prizes are offered for the best decorated vehicle, also for the best representation. Each school is asked to decorate a vehicle and the hayrack is suggested as the most suitable. There will be a full line of sports, running, jumping, etc., also baseball and basketball.

The fair will be held on the school grounds, and it is important that all entries be in not later than ten-thirty. The parade will line up at the school grounds at eleven o'clock. Exhibits must not be removed for at least one hour after judging has been completed in all classes.

A dance will be held in Pinyon's hall the night of fair day with Martin's orchestra in attendance, under the auspices of the Millet School Fair committee, and lunch will be served at night in Pinyon's lunch hall, adjoining the dance hall. The high school girls will serve lunch at noon on the fair grounds.

Special Prizes
Silver cup for best fall fed heifer calf, dairy type.

A box of apples given by Karr Bros. for the school with the best decorated hayrack, children to ride in the rack in the parade.

A prize given by the Alberta Pacific Elevator Co. for the best sheaf of wheat, and the Beaver Lumber Co. for \$2.00, \$2.00 and \$1.00 for the best dairy type calf, born in 1925.

Mr. Kent, C.P.R. agent, with Mrs. Kent, Adrian and Irene, spent a delightful holiday in old Ontario. They returned home a few days ago, and are glad to be back to Sunny Alberta.

GOOD SERVICE AT THE UNION CHURCH

There was a good attendance at the evening service in the United church on Sunday. The choir had rehearsed after the summer rest and assisted well in the service of song. The theme of the sermon was "The Leadership of Jesus."

All human effort and endeavor is either consciously or unconsciously a seeking after more abundant life. Many of our attempts to find it are erroneous and misleading. Jesus only knows the way we all should take and how to find it, and He asks, and all He asks, is that we give Him the leadership in life's tasks and ambitions. Rescue from the cruelties and sins of life come by living His precepts and catching His spirit, and thus the barriers and prejudices that exist in human society will be broken down. Capitalists and laborers, rich men and poor, churchmen and infidels are brought together in common brotherhood when and wherever His teaching and principles of living have right of way. God truly shines in the heart of humanity, is the face and character and personality of Jesus Christ.

FREE! FREE! FREE!

Mr. Graham, our Millet representative, will be pleased to give away a copy of this issue of The Times free to anyone not already a subscriber. You are cordially invited to come to the drug store and get a copy to send to your friend or relative at a distance.

James Roland Ernest Wallin

James Roland Ernest Wallin, infant son of Mr. and Mrs. O. L. Wallin, of Millet, passed away in an Edmonton hospital on Sunday morning. The remains were forwarded Monday noon to Millet, where interment took place Tuesday afternoon. The sympathy of the community is extended to the bereaved relatives.

Leduc Old Timer Died on Monday

Andrew Pogue passed away at his farm in the Leduc district on Monday morning at the age of 88 years. The late Mr. Pogue was an old-timer of the district, where he had resided for the past 33 years. The funeral service was held Wednesday afternoon at 1 o'clock from the family residence, and the cortege proceeded to Leduc where services were conducted in the Anglican church by Rev. Mr. Lane, interment being in the Leduc cemetery.

Mrs. McAllister has as her guest, her niece, Mrs. Gibbons, of Calgary.

Carl Rodney will soon be seen in the field with a threshing outfit recently purchased.

Mrs. Henry Brinker and Miss Fanson have returned from a trip to the coast, visiting at Vancouver, Victoria, Seattle and Portland. They report having had a delightful holiday.

The Drug Store was the recipient of some very beautiful flowers this week—Mr. Parfett bringing some lovely specimens of Nemata, Solisolia and Marigolds, and Master Galt McAllister a beautiful bouquet of Assters and French Marigolds.

THINKING

If you think you are beaten, you are; If you think you dare not, you don't; If you'd like to win, you think you cannot.

It's almost a cliché you won't. If you think you'll lose, you're lost; For out of the world we find Success begins with a fellow's will—it's all in the state of mind. If you think you're outclassed, you are, You've got to think high to rise, You've got to be sure of yourself before

You can ever win a prize. Life's battles don't always go To the stronger or faster man; But soon or late the man who wins Is the one who thinks he can. —Walter D. Wintle.

SCHOOL FAIR

Don't forget the school fair at Millet on Friday, September 25th., and the dance on the same evening promises to be unusually good. There will be first class music and we hope a good crowd.

PRESIDENT HARDING
GOODWILL MEMORIAL

Stanley Park, Vancouver, Sept. 12.—The President Harding International Good Will memorial, located in this city's immense municipal park, and erected by Kiwanis International through the voluntary subscriptions of its 55,000 members in the United States and Canada, will be dedicated on Wednesday, September 16. Government officials of both the United States and Canada will take part in the memorial program.

Wetaskiwin Kiwanis club contributed toward the building of this monument.

The monument is the only material symbol of fortification, outside of mile-posts, to outline the invisible demarcation of the thousands of miles

of border line which spread from the Atlantic to the Pacific and separate both countries.

"What the world is hoping for, the United States and Canada have achieved; the conception of peace written in the minds and hearts of the citizens of both nations," said John H. Moss of Milwaukee, Wisconsin, president of Kiwanis International today. "It was with his understanding that the late President Harding, a Kiwanian himself, pledged to the ideals of Kiwanis, gave to the world that tribute of friendship which is now hoped to be secured to a world in the travail of a war's aftermath."

Harry Boicourt shipped a car of horses to Quebec and George Fair sent one to Ontario from the Coronation district recently, says the Review.

EXTENSION OF MIXED FARMING

Straight grain farming, or wheat mining as it is called in western Canada, is gradually but surely becoming a thing of the past in the three prairie provinces. Almost every farmer in the west today has at least a few pigs, cows and poultry, and some sort of a vegetable garden from which he not only secures food for himself and family, but also sufficient returns to look after his current expenses on a cash basis. Manitoba and Alberta undoubtedly lead in this development, but even Saskatchewan, the largest wheat producing province of western Canada, has an ever increasing number of farmers who are followers of the mixed farming plan to the extent that they are living very largely on the products of their farms.

Provincial Weekly News Bulletin

Big Sugar Beet Crop

Harvesting of Alberta's first sugar beet crop on the irrigated districts in the south for the new sugar beet factory at Raymond is commencing. The crop is a large one, and is expected to average 15 or 16 tons to the acre throughout the district, which will give a total harvest of more than 100,000 tons. The factory at Raymond will open for operations shortly. Some farmers expect to get as high as 25 tons of beets to the acre.

Additions to Wheat Pool

The Alberta wheat pool is adding an average of 4000 cars each day to the total acreage involved in the pool for the 1926 crop according to an announcement from pool headquarters. In one day in the past week 3000 cars were added.

Big Oil Co. to Operate in Alberta

The famous Dutch Shell Oil Company, with acting manager all over the world, and in which the British government is a heavy shareholder, has decided to enter the Canadian field. This word comes from Ottawa in the latest copy of the official Canadian Gazette, announcing the incorporation of a national Canadian Shell Oil Development company. It is the forecast of big developments in the oil fields of western Canada where the Shell people have had an eminent geologist, John Irving Moore, investigating the geological structures in Alberta for the last two months.

Course in Agriculture

Attention is called to the B.Sc. course in agriculture at the University of Alberta. Young men who can afford the time and cost to secure a foundational course in the university will find this new four year course worth investigating. The last two years have been based somewhat on the elective system allows for quite a range of choice.

T.B. Survey

That children born in Alberta show less tendency to tuberculosis than those born in other countries is disclosed in the report of the survey of school children undertaken in 1924 by the Alberta tuberculosis association, which report has recently been published. In this survey a total of 1053 children in various parts of the province were examined. Of this number 822 were children born in Alberta and only 11 per cent of these showed reaction to the tuberculin test. Reactors in children born in other countries showed percentages ranging from 20 to 35. Out of the total of 1053, there were 144 reactors, or only 13.97 per cent.

School Fairs

A total of 112 school fairs will be held this year throughout the province under the auspices of the provincial departments of agriculture and education. The interest being taken in these fairs is as keen as ever, and a large number of children participated.

KILLED WHEN SPEEDER
STRIKES COW IN DARK

Red Deer, Sept. 12.—Donnie Augustine, section foreman on the C.N.R., was killed while returning from Nordegg, when the speeder on which he was riding hit a cow in the darkness near Saunders. His companion was over the bank with the speeder, escaping with minor injuries, but Mr. Augustine was thrown forward, and struck either a rail or a tie, his skull being crushed in over the right eye. His companion managed to get the car back on the track, and started back towards Dalmour with Augustine, who died before arriving.

A rummage sale will be held by the W.C.T.U. the first Saturday in October.

Many Autos Registered

More than 52,000 cars are operating in Alberta this year, compared with something over 47,000 in 1924. The total receipts from car licenses thus far this year have been \$912,000, compared with \$845,000 for the entire year of 1924.

Pest Experts to Meet

Farm pest experts will hold their 1926 conference at Lethbridge, Alberta, according to the official report of the meeting of the international crop pest committee recently. The prairie provinces, and the states of North Dakota, Montana, Wisconsin and Minnesota will be represented. H. L. Seamus, dominion government entomologist at the Canadian National Museum at Lethbridge, is secretary of the committee.

To Demonstrate Weed Cleaner

The provincial department of agriculture, which is undertaking to manufacture for marketing the Stephen grain cleaning attachment for separators, will make a demonstration of the improved machine at Calgary, Lethbridge and Claresholm in the near future. The demonstration at Calgary will take place toward the end of next week in the vicinity of Shepard. A further announcement concerning this will be made. The machine has recently been considerably improved, and is considered modern in every respect.

INSPECTING LAND HOLDINGS

Shaping plans for settlement, next year, of 25,000 acres of land in Alberta and Saskatchewan, Canadian directors of the British Dominion Land Settlement corporation are now touring the west in company with Major-General the Hon. Sir Newton James Moore, K.C.M.G., and former premier of West Australia. Sir Newton spent a few days in Winnipeg before starting on his tour, conferring with officers of the organization which has been operating in the west since last spring, and has discussed plans for future settlement of land and immigration work. The land settlement scheme instituted last year by the organization is an ambitious project and has as its object the location of British settlers. Land to the extent of 25,000 acres, chiefly in Alberta, has been acquired and a fair amount of settlement has been done this year. It is expected that plans for next year will be much more extensive than those already carried out.

MANY BRITISHERS
EMIGRATE TO CANADA

According to official figures just made public, 10,000 females—wives and housekeepers—left the British Isles for British North America last year, and 6,000 went to Australia. More than 10,000 males migrated last year to Canada to engage in agricultural work. The total number of emigrants from Great Britain to other parts of the empire during 1924 was 115,000.

Farm Finance

FARMING is a business, and the farmer who is a good business man keeps in close touch with his Bank Manager, because the Bank Manager provides a ready contact with the business world.

Many of our older branches were founded upon business connections with farmers. Our country managers are in close touch with all that affects farm production and farm finance, and have an intimate understanding of the problems of farming.

Any Branch Manager of this Bank will welcome the opportunity of a discussion with you.
